

The Ozone Action Day Program

Employers

All employers are encouraged to participate by pledging to do a few simple things:

- ✓ **Designate an employee to the Ozone Action Day Program Coordinator.**
- ✓ **Educate employees by distributing Ozone Action Day information to employees, placing articles in company newsletters, etc.**
- ✓ **Notify employees that an Ozone Action Day has been forecast. This can be done by posting signs at exits, in break rooms, on bulletin boards, or by sending a notice through e-mail systems.**
- ✓ **Develop and implement an Ozone Action Day response**
